- ✓ REGULATORY SUPPORT AND TRAINING
- ✓ ON-SITE COMPLIANCE INSPECTIONS
- ✓ CANNABIS LICENSE APPLICATION MANAGEMENT
- ✓ DIGITAL INSPECTION APPLICATION TECHNOLOGY AND REPORTING

## CANNXPERTS SERVICES:

### CANNABIS REGULATION CONSULTANTS

Leverage the knowledge of our experienced team of experts gained through years of working with regulatory agencies and industry groups to develop common sense and effective state-wide cannabis regulations and compliance processes and systems. Our experts can help guide a successful rollout (or cleanup) of cannabis rules, regulations, and compliance systems in new and emerging legal cannabis states.

### REGULATORY SUPPORT AND TRAINING

We can help state and local regulatory and compliance teams stay up-to-date on the latest developments across multiple state jurisdictions. Leverage this insight and our support to help build highly effective compliance teams that ensure a successful regulatory system in your jurisdiction; or work with our team of experienced inspectors to outsource your regulatory compliance inspections to us.

### DESIGN YOUR SUITE OF SERVICES

Work with our team to design a service package that meets the specific needs of your jurisdiction. Choose from a wide array of services, tools, and technology to determine how much of your regulatory burden to outsource, reducing the time and cost to hire, manage, and continuously train an internal compliance team.

## DESIGN, STRUCTURE AND IMPLEMENT YOUR STATE'S REGULATORY STRATEGY

Leverage our depth of experience and expertise to avoid the costly mistakes made by other jurisdictions when creating or refining your regulatory program, systems, and teams.

Increase the success of your regulatory program with continuous training and support for your compliance teams. Utilize our powerful inspection software to optimize your compliance outcomes.

Protect tax and regulatory income by adopting best practices developed by CannXperts after years in the cannabis regulatory and compliance space.

Rely on our trained and experienced team of inspectors to handle on-site compliance inspections across your state. Avoid regulatory confusion and inaction, while saving both time and money that can be invested elsewhere in your state.
